IMPORTANT: Be sure to have an appropriate email address. You do not want information going to SPAM!

To apply: go to Cal State Apply.

DIRECTIONS FOR HOW TO REQUEST A TRANSCRIPT

Transcripts must be requested at least 2 weeks prior to the deadline. **Please do not include vacation times.*
Example: If your items are due during winter break or as soon as we come back from winter break, you should request all items 2 weeks prior to winter break. See chart on the Senior page on the counseling website for specific due dates.

To request a transcript, you must first add the college to your College Application List in Xello. If the college is on the Common Application it will automatically get added once you have linked your Common Application to your Xello account. (Click here for directions on how to link your accounts.) If the college is not on the Common Application, you will need to manually add it.

How to add a Non-Common App College to your college application list:

1. From your Student Dashboard, under **Goals & Plans**, click **College Planning**.
2. Under **College Applications**, click **Create New Application**.
3. Search for the institution and click **Select**, then **Next** to add details.
   Enter the admission type you are choosing and the application deadline.
   To finish building the application tracker they click **Create**.

- The next page is the profile of the application, which includes the deadline and application checklist.

How to Request your Transcript be sent to a Non-Common App institution:

1. From your Student Dashboard, under **Goals & Plans**, click **College Planning**.
2. Under **College Applications**, you select the institution to which you'd like your transcript sent.
3. Under the **Application Checklist** you will find **Transcript**.
4. Click **Request** in the box titled Transcript.

- A banner at the top of the screen will indicate the request was sent.

How to Request your Transcript be sent to a Common App institution:

1.) From your Student Dashboard, under **Goals & Plans**, click **College Planning**
2.) Click on a college with the Common App logo to open a brief profile of that college.
3.) Next to **Counselor Forms**, click **Assign Counselo**r to open the list of counselors at your school.
   • You'll only need to assign a counselor once. This request will ensure the assigned counselor sends the necessary forms to all schools saved in your **My Colleges** list in the Common App.

Common Application

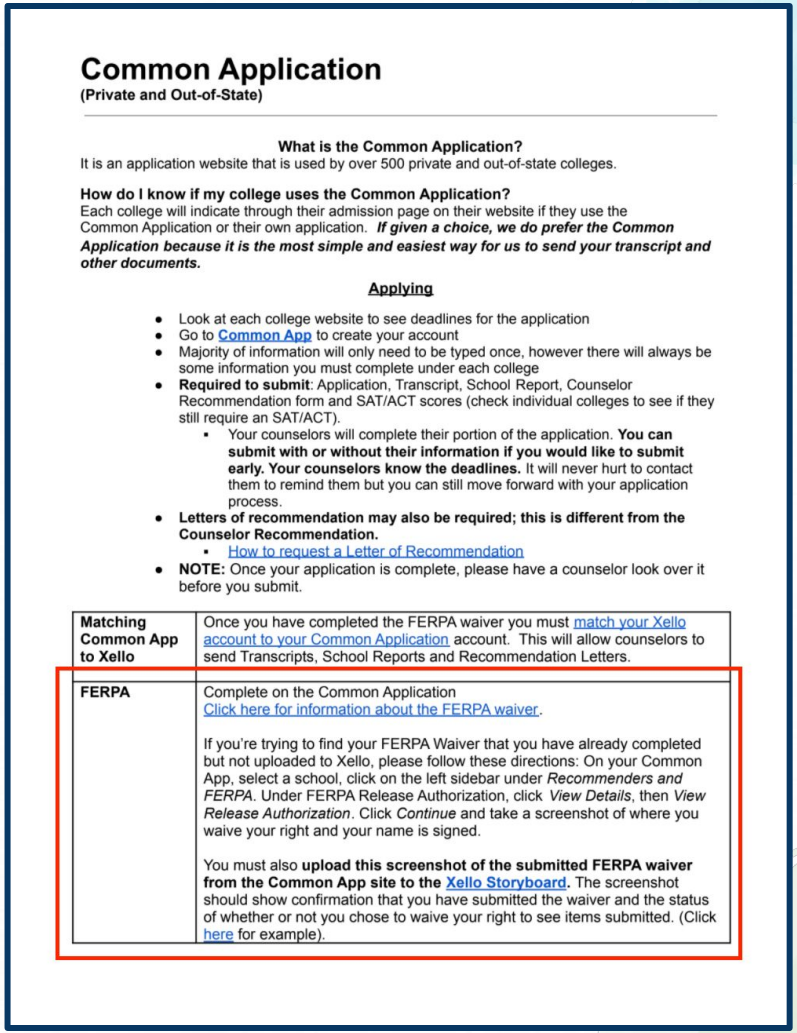
The Common Application is an undergraduate college admission application that applicants can use to apply to over 1,000 member colleges and universities in all 50 states. The Common App. simplifies the application process by saving your personal info and essay when applying to multiple schools.

Required Items:

- Transcript
- Counselor Recommendation Form
- School Report
- School Profile
- Student Essay

Some schools will require Teacher Evaluations with a recommendation letter.

Check if there are Supplemental Requirements (additional essays, portfolio, etc.)



Common Application

(Private and Out-of-State)

What is the Common Application?

It is an application website that is used by over 500 private and out-of-state colleges.

How do I know if my college uses the Common Application?

Each college will indicate through their admission page on their website if they use the Common Application or their own application. ***If given a choice, we do prefer the Common Application because it is the most simple and easiest way for us to send your transcript and other documents.***

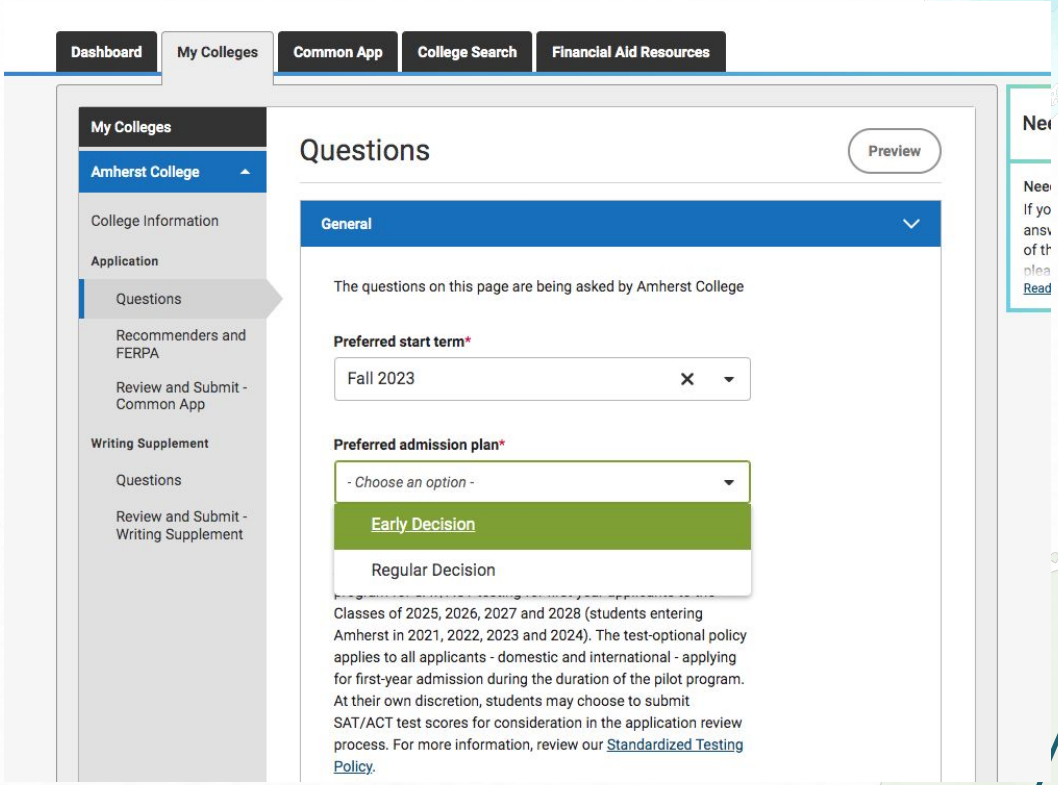
Applying

- Look at each college website to see deadlines for the application
- Go to Common App to create your account
- Majority of information will only need to be typed once, however there will always be some information you must complete under each college
- **Required to submit**: Application, Transcript, School Report, Counselor Recommendation form and SAT/ACT scores (check individual colleges to see if they still require an SAT/ACT).
  - Your counselors will complete their portion of the application. **You can submit with or without their information if you would like to submit early. Your counselors know the deadlines.** It will never hurt to contact them to remind them but you can still move forward with your application process.
- **Letters of recommendation may also be required; this is different from the Counselor Recommendation.**
  - How to request a Letter of Recommendation
- **NOTE:** Once your application is complete, please have a counselor look over it before you submit.

Matching Common App to Xello	Once you have completed the FERPA waiver you must match your Xello account to your Common Application account. This will allow counselors to send Transcripts, School Reports and Recommendation Letters.
FERPA	Complete on the Common Application Click here for information about the FERPA waiver. If you're trying to find your FERPA Waiver that you have already completed but not uploaded to Xello, please follow these directions: On your Common App, select a school, click on the left sidebar under *Recommenders and FERPA*. Under FERPA Release Authorization, click *View Details*, then *View Release Authorization*. Click *Continue* and take a screenshot of where you waive your right and your name is signed. You must also **upload this screenshot of the submitted FERPA waiver from the Common App site to the Xello Storyboard.** The screenshot should show confirmation that you have submitted the waiver and the status of whether or not you chose to waive your right to see items submitted. (Click here for example).

Selecting Admission Plan

- Only add schools you are certain you are applying to on the Common App
- Select your admission plan (i.e. Regular, Early Decision, Early Action) for each school
    - This will inform your teachers/counselors of your deadlines



FERPA (Common App)

Waiving your right tells colleges know that you do not intend to read your recommendations, which helps reassure colleges that the letters are candid and truthful.

Some counselors and teachers will not complete a recommendation for you without waiving your right.

You must complete the FERPA waiver before matching your Common App account to your Xello account.

More information about the FERPA waiver is in your Guide.

Regretfully, I must withdraw our offer of admission to UC Santa Cruz because you did not meet your *Conditions of Admission Contract*. In particular, you failed to successfully complete your senior year with satisfactory grades.

This is a painful step for us to take, and may be difficult for you to accept; however, it does not necessarily spell the end to your goal of studying at UC Santa Cruz. We encourage you to consider the option of reapplying after completing two years of transferable course work at an accredited college or university.

The University of California maintains a strong relationship of advising and articulated course agreements with the California community college system. A listing of transfer centers within the state can be found at ***californiacommunitycolleges.cccco.edu/artsbhalist.aspx***. A transfer center advisor or community college counselor can help you plan an appropriate transfer program that will allow you to complete your studies at the University of California.

If you believe this decision was made in error, information about appealing this decision can be found at: admissions.ucsc.edu/apply/appeals.html. In the meantime, please accept my best wishes for your future success in pursuing your educational goals.

Sincerely,
